

## BTCV Eastleigh Beach Wardens Project

# Get involved in Conservation in Hamble

Hamble Conservation Volunteers group are looking for people to get involved in wildlife monitoring, educational and community events and practical work. Come and join in with the programme of events and practical workdays at Hamble Common.

For more information contact Katy Dudman, BTCV Project Officer, on 02380 769719, 07740 899709 or email [eastleigh-projects@btcv.org.uk](mailto:eastleigh-projects@btcv.org.uk) Website [www.btcv.org](http://www.btcv.org) alternatively call:

Philip Rawlinson on 07810 453138 or email [hambleconserve@btinternet.com](mailto:hambleconserve@btinternet.com)

### Practical tasks & events: Summer 2010

Enjoy a day in the fresh air helping to preserve and protect Hamble Common for wildlife and people:

#### Thurs 15<sup>th</sup> July: Beach Clean/Summer BBQ

Followed by Guided walk by Kevin Young for members, to discuss 2011 projects and future program of events. 10am-4pm Meet at Hamble Point Car Park

**Fri 30<sup>th</sup> July: Committee meeting:** 6pm Roy Underdown Pavilion

#### Sat 4<sup>th</sup> September: Natural History Walk

10am-12 Meet at Hamble Point Car Park

#### Thurs 16<sup>th</sup> Sept: Scrub clearance

10am-4pm Meet at Hamble Point Car Park

**Sat 18<sup>th</sup> Sept: Beach Clean & National BeachWatch survey:** 10am-1pm Meet at Hamble Point Car Park

#### Sat 2<sup>nd</sup> October: Fungi Foray

10am-12 Meet at Copse Lane Car Park

### Shoresearch Surveys

We will be holding surveys to monitor the intertidal habitat and wildlife on the beach at Hamble Point. Data will be fed into the Shoresearch recording scheme run by the Hampshire & Isle of Wight Wildlife Trust. Experts will be on hand to help with identification so come along and have a go.

#### Tues 13<sup>th</sup> July: Shoresearch Survey

5.45pm Meet at Hamble Point Car Park

### Guided Walks:

**Natural History** Led by Philip Budd. Learn to identify Hamble Common's flora, and wildlife many beautiful birds of both mudflats and meadows. (cost £3.00)

**Fungi Foray** Learn about the fungi found in the woods and meadows of the Common. (Cost Free)
